Subject No. 144. Division of Amrut Mahal kavals into plots and granting them on grass tenure.

Summary of discussion.—All available waste and gomal lands having been taken up for cultivation, much difficulty is experienced in finding suitable grazing lands for cattle. It is suggested that Amrut Mahal kavals be divided into plots of 10 acres each and given out on grass tenure after the Amrut Mahal cattle shall have passed through them.

Reply of Government.—The Amrut Mahal Department will be consulted on the subject. The Deputy Commissioner will be asked to submit any prayers of this kind he may receive.

Subject No. 145. Grant of parts of Kattaya Amrut Mahal kaval on permanent assessment.

Summary of discussion.—As all waste and gomal lands under the Chengravalli channel have been brought under wet cultivation, the villages of Gorur, Malenehalli, Ramaghatta and Tyagatur have no land for grazing purposes and for dry cultivation. It is suggested that portions of the Kattaya Amrut Mahal kaval lying to the east and west of Hassan-Arkalgud road may be granted to the raiyats of those villages on permanent assessment. Also land should be granted for cultivation out of the Karle Amrut Mahal kaval to the villagers of Banavasinaikanhalli, &c.

Reply of Government.—Existing orders do provide for grants out of kavals for *bonâ fide* cultivation.

Subject No. 146. Inamdar's toddy.

Summary of discussion.—If Inamdars cannot be allowed to draw toddy from date trees in their Inam villages, they should be paid the actual amount realized by Government from those trees, less costs.

Reply of Government.—The matter is engaging the attention of Government and definite rules will shortly be laid down.

Subject No. 147. Timber for agricultural implements.

Summary of discussion.—The raiyats of Pannathapur and Kattayada hoblis may be allowed to get timber from Hulkonde forest for agricultural implements.

Reply of Government.—To Deputy Commissioner for disposal.

Subject No. 148. Kattepura anekat.

Summary of discussion.—The breached anikat at Kattepura, Hassan Taluk, may be repaired.

Reply of Government.—The Deputy Commissioner for disposal in communication with the Public Works Department.

Subject No. 149. Water-supply to Hassan Town.

Summary of discussion.—The project for supplying water to Hassan Town may be expedited.

Reply of Government.—The Sanitary Department will do the needful.

Subject No. 150. Temple Inam lands.

Summary of discussion.—Temple Inam lands resumed by Government by reason of the temples being in disrepair are restored to such of them as have since been repaired. Where lands so resumed have been granted to others for cultivation, the pujaries are asked to choose other lands, but suitable waste lands are not available.

Reply of Government.—The remedy apparently is to grant the equivalent in money.
